Subject: Fw: ER Activation - lodging request to exceed CONUS rate

Hi Nick,

START is requesting approval to exceed the limit of the lodging rate of

\$77.00 per night due to the unavailability of hotels in Eldorado, AR for the emergency response activated on December 18th. I plan to approve the request unless you have some objections. This notification is being sent to the OSC also for informational purposes for when the invoices are received.

Subject: ER Activation - lodging request to exceed CONUS rate

Cora, we are requesting your approval for START to exceed the lodging limit during the response detailed in my earlier email. The team contacted me and explained they are unable to locate lodging in the area within the CONUS limit of \$77 per night.

Below are the hotels contacted and our findings.
Holiday Inn - \$87/night
Hampton Inn - \$109/night
Quality Inn - No Vacancies

We are requesting your approval for the two START personnel to incur lodging at the Holiday Inn. Based on the current status of the response, we anticipate incurring lodging for one night.

Please call or email me if you need additional information or have questions.
Thanks
